## 2006 Woodstock Pony League Adjustments

### Origin & Focus

Based upon direct input from parents, players and the Woodstock Little League Board of Directors, the Greater Woodstock Baseball Association {GWBA} was created.

The GWBA's focus is on providing baseball products that will enable all players interested in playing baseball, with the *opportunities* to play baseball.

Everyone associated with the GWBA is a volunteer and desires to support the skill development of all players interested in playing baseball.

Please understand that we are starting several new processes and methods, and that at times, we may have overlooked certain administrative points.

If we have missed an important service or function, please notify us at your earliest convenience and we will respond accordingly.

### 2006 Program Goals

Based upon input from parents and players and coaches directly involved with Woodstock Baseball, we understand there is room for improvement, and that certain points on the 2005 Survey illustrate clear areas in need of improvement.

Please trust that we will attempt to reposition and improve many aspects of the 2006 program and that we will seek your input during the 2006 season.

Changes to look for this year are:

- A focus on 13, 14, 15 & 16 year old youth
- Coordination between all boys baseball programs
- Coordination with Woodstock and Marian High Schools
- Coordination with the City of Woodstock
- NEW In-House PONY League
- NEW Nippersink League positioning
- NEW Exceptional Needs program to be developed
- NEW Sponsors and Donations
- New Volunteers and Spirit

Thank you for your support and participation and we will report our progress during the 2006 season.
